

Give a Fantastic Orgasm for Valentines!

What says "I Love You" best and what better way to remember the lovey-dovey day for months after than giving your lover a fantastic orgasm. Build up the suspense and libido by having it last all night long. Here are some ideas to make sure that happens.

Get In The Mood:

First, get all those stressful or mundane things the day brings off your mind. The quickest and healthiest way to unwind is to massage the aching body. In no time they will be like putty in your hands. How about using a celebrative shaped **Heart Massager**? This sturdy and easy to glide hand

held unit is like magic fingers. It does all the work for you even into big deep sore muscles with no skill or energy required, or can also be used lightly to stimulate and tingle all the skins nerve endings. The vibrating **Heart Pillow** is great to lie you're head on and it massages the neck area, it is also waterproof so it can be taken in the tub and used as a massaging neck rest while you soak and dream about what's to come. Or add some warmth to soothe and heat things up with the **Hot Heart**. This reusable liquid hot pack can be activated by the press of a button and instantly heats up to 54°C (129°F) which lasts for over an hour. You can use it alone or add some massage oil on bare skin (**Kama Sutra Aromatic Massage Oil** is awesome) to spread the warmth with and nourish the skin.

Do An Activity:

Spend some time doing some fun adult things together and build up the anticipation of the evening. Have a bath together and play **Love Bubbles**, waterproof messages you pick and perform. Then follow up with grooming each others body hair which helps to get to those hard to reach places. This can be fun and erotic watching your partner take care of you. The **Intimate Body Bare Razor Kit** has all you need. A trimmer and shaper (also has patterns to choose from), and a protective quality dry razor with powder and brush. You can have fun making unique shapes. Take some pictures of your masterpieces for that special album.

It is always more special with someone helping in the kitchen. Prepare an aphrodisiac dish together while sipping on some wine and eat by candle light. The

sensual new book called **Intercourses** is full of tips, recipes and erotic pictures for the romantic mood. For dessert lick and nibble with the yummy **Pure Belgium Chocolate Body Paint**, which comes in a heart shaped glass bottle and a brush (just heat it in the microwave for 30 seconds).

Watch a *couple* friendly adult movie, one with a story line and gets the female aroused, not turned off. Candida Royalle herself produces videos for women such as **One Size Fits All** and **Bridal Shower** and Andrew Blake also has some with a story and uses appealing backgrounds and actors such as **Hidden Obsessions** and **Delirious**.

Playing games is very sensual and fun for both. It takes no creativity and each partner gets an equal turn back and forth, and you learn great new things mentally and physically. My favorites are **Sensations**, and **Enhance** by sexologist Dr. Brian Parker. I must always give an honorable mention to the best couple's activity book for spicing up a relationship, **101 Nights of Great Sex or Romance**. These are sealed pages you open and it tells you a tip about the opposite sex and an idea to do to go with the tip, so you can pleasantly surprise your partner and both reap the benefits. 50 times each, you get a tip and a surprise, wow, that could be once a week each for a whole year!

Use Enhancements:

Sprinkle the play areas with the romantic

Bed of Roses (100 silk rose pedals). Play sexy soft music, light candles and incense. The **Flame of Love** is a superb 3 in 1 candle. More than just a candle, it is also aromatic for aromatherapy coming in 3 seductive scents and can be used as massage oil after being lit for 10 minutes or more. Dab a few drops of **Silent Seductions Pheromones** on yourself or add to your favorite perfume to drive them extra crazy for you. Slip into some skimpy fun and tasty wear, like **Edible Undies** or the new **Candy Bra and G-string**, just like the candy necklace but way

better. Yes you can have your candy and eat it too! Or if you would like to lick your partner's body all over, try **Tasty Tickle Dust**. This strawberry cotton candy tasting dust comes with an erotic feather to tease and tickle anywhere you apply.

If some libido help is needed for her (50% of women do), **O'My Clitoral Gel** should work. This will arouse her and the L'arginine will assist her in getting over the top so she can orgasm away. If coming to early is a problem for him to savor all the fun of the night, then try **Rock Hard Cream**, as it desensitizes for longer lasting love making. It is odorless and tasteless so oral is not a problem when using it. For flavor and the same effect you can use **Pleasure Balm Mint** by Kama Sutra. This is also great to help in gag reflex when giving oral as it numbs the back of her throat and she comes up with fresh breath! Her clitoris and nipples also like it. Beware only a very little is required.

Stimulate:

Make sure her clitoris gets lots of attention for about 20 plus minutes. Fingers, mouth, penis and vibrators can all effectively do this. Use lubricant (O'My Clitoral Gel is again good for this) and start with light teasing on and off the area and slowly increase the speed and pressure to drive her crazy. To much too quick can end up numbing her, so there is no finish for her. Then give her internal G-spot some attention at the same time or later for another 20. You can use your fingers, penis or a toy again. Vibrators like the **Pearl Diver** or the Cadillac of them all, the **Decadent Indulgence**, will stimulate the clitoris and G-spot at the same time. Drive her crazy while conserving your energy. You will have a hand free to stimulate her nibbles and get a few kisses in, and watch out!!

Have some fun together with intercourse. Strap on the **Diving Dolphin** or **Rockin Rabbit** for both of you to get stimulated in the right spots with no effort and come together.

It would be difficult to squeeze all this into one night, but if you get some of it in, it should be a Valentines to remember. Or make a "Valentines night", anytime and everytime you can and have a life time of fantastic orgasms.

It truly is the best way to
say I Love You!
